### BAND STORY

"

ThunderFunk, the brainchild and life long dream of Bass Virtuoso Handsome Thunder was first thrown on the drawing board during the summer of 2009. Realizing the need for quality entertainment and music in SE Michigan, Handsome set out to assemble only the finest musicians the area had to offer. By late 2009, the lineup was complete and work began developing a show that balanced a tight groove, a solid bottom end strong enough to stop your heart and an infectious stage presence. With everything from old school funk to blues, soul and a distinctve modern edge, you won't be able to sit still while ThunderFunk is on the stage.
